

OnlyFreshers Product Flow Document

Updated tester documentation aligned with the current Laravel project flow.

Generated on 22 August 2026

Product Flow Overview

This document explains the OnlyFreshers flow through diagrams. Jobs and internships follow the same opportunity posting and application journey.

Role flow summary

Flow	Starts With	Main Gate	Ends At
Fresher	Direct/Fast Track	Assessment or training	Apply and get hired
Company	Register	Admin approval	Post and hire
Training Partner	Register	Admin approval	Train and certify
Admin	Login	Approve/manage	Monitor platform

Main Platform Flow

Entry Routes

- Fresher: /direct-mode/register or /fresher/register
- Company: /company/register
- Training Partner: /training-partner/register
- Admin: /admin/login

Company Flow

Company Registration and Posting

Company rules

- Starting credits: 500.
- Active job/internship post cost: 50 credits.
- Draft post cost: 0 credits.
- Low credits route: /company/billing.

Direct Mode Flow

Fresher Direct Application

Direct Mode rules

- Starting credits: 250.
- Application cost: 50 credits.
- Required before apply: profile, skills, resume, initial assessment.
- Low credits route: </direct-mode/dashboard#credits>.

Fast Track Flow

Training to Hiring

Fast Track rules

- Final assessment pass percentage: 60.
- Maximum final assessment attempts: 3.
- Fast Track apply does not cut Direct Mode credits.
- Hiring is handled by Company flow after training.

Training Partner Flow

Course and Certificate Flow

Admin Flow

Approval and Control Flow

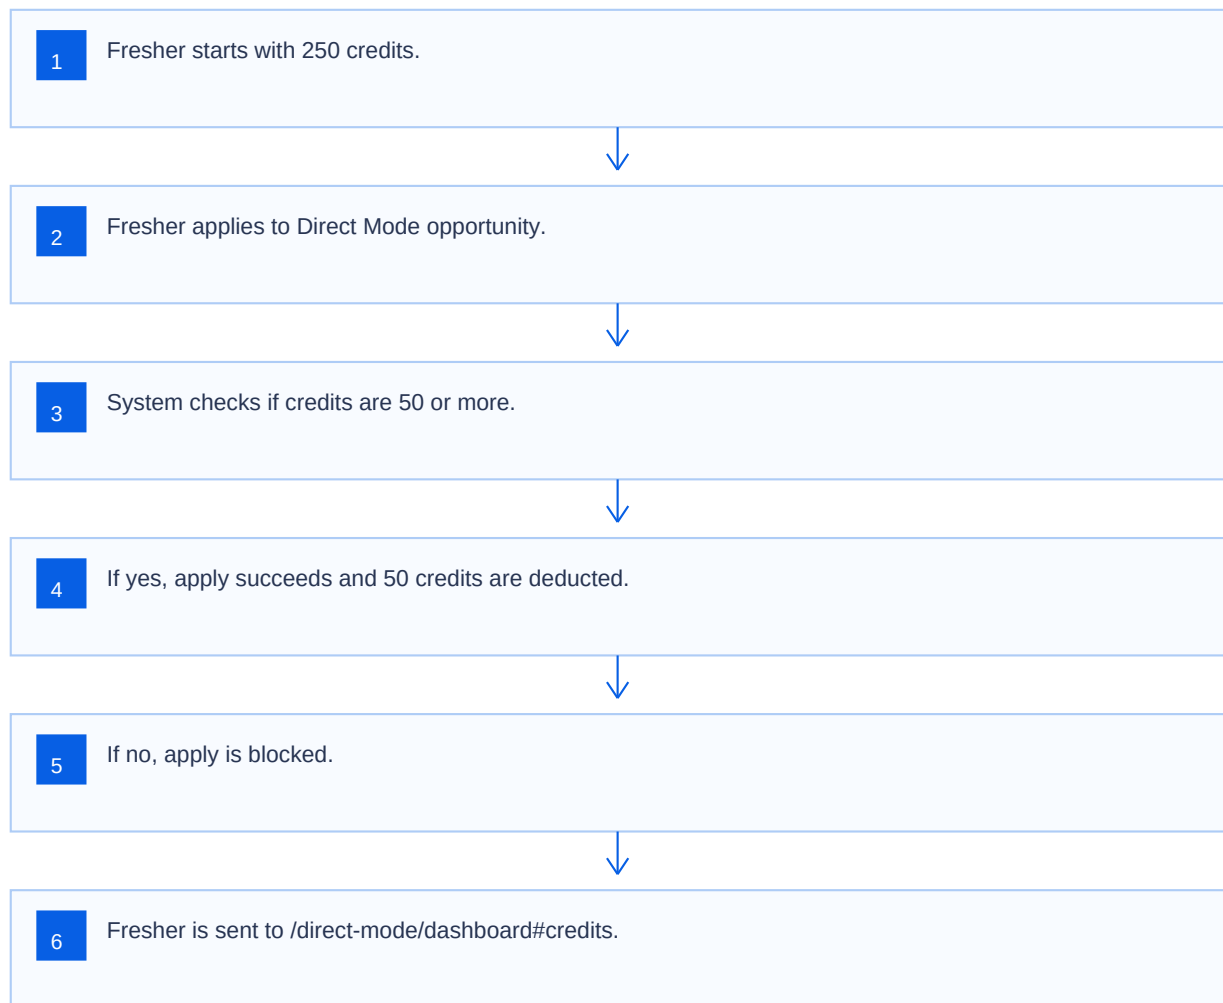

Subscription Flow

Company credit logic

Direct Mode fresher credit logic

Jobs vs Internships

Internship uses same opportunity flow

Notification Flow

Bell notification behavior

Notification targets

- Admin: new Company registration and new Training Partner registration/profile submission.
- Company: approval/rejection result and new fresher application.
- Fresher: application status changes, interview schedule, offer or hire result.
- Training Partner: approval/rejection result and new course enrollment.

Route Map

- Public: /, /direct-mode, /fast-track, /training-partners, /jobs, /courses
- Fresher Direct Mode: /direct-mode/register, /direct-mode/login, /direct-mode/dashboard, /direct-mode/jobs, /direct-mode/applications, /direct-mode/interviews

- Fast Track: /fast-track/dashboard, /fast-track/courses, /fast-track/training-progress, /fast-track/final-assessment, /fast-track/job-recommendations
- Company: /company/register, /company/login, /company/dashboard, /company/post-job, /company/jobs, /company/applications, /company/billing
- Training Partner: /training-partner/register, /training-partner/login, /training-partner/dashboard, /training-partner/add-course, /training-partner/enrollments
- Admin: /admin/login, /admin/dashboard, /admin/companies, /admin/training-partners, /admin/jobs, /admin/courses, /admin/notifications

Final Flow Checklist

- Company registration creates admin notification and 500 credits.
- Company approval unlocks company dashboard and job/internship posting.
- Company active posting deducts 50 credits.
- Company low credit state blocks posting and opens billing.
- Fresher registration creates 250 Direct Mode credits.
- Direct Mode apply deducts 50 credits.
- Direct Mode low credit state blocks apply and opens credits section.
- Training Partner registration requires admin approval before course creation.
- Fast Track final assessment is locked until training completion.
- Notifications appear in top bell popup and become read after clicking.
